Hello Tony,

This is great news! We appreciate your support. The next meeting is June 13th at 5pm at City Hall Room 416. I'm sure they will need to set up an overflow room as we are anticipating a large number of community coming out to give comment.

I have attached a flyer and some of the supporting information to provide more of a context to this issue. Please let me know if you have any questions or would like to speak further about it.

Thank you very much for your support!
